In addition to core medical plans, insureds will have access to the following SNI-Specified Coverage Plans

## SNI DENTAL

SNI Dental is vital to the long-term health of members.

SNI Dental covers eligible services and procedures based on a graduated scale where the coverage percentages increase over a period of 3 years. As the maximum coverage levels are highest in year 3, it is to the member's advantage to seek regular, consistent dental care and maintain their plan over the three-year time period.

- ◆ Preventive dental exams and X-Rays 100% covered
- ◆ No waiting period on dental services
- ◆ Access care through a Careington Network Provider for additional savings  
\*Use of a Careington Provider is not required to be eligible for coverage with SNI

SNI Dental offers participating members access to the Careington PPO Dental Network. Use of the Network is not required in order for dental needs to be eligible for coverage, however members who access network dentists will receive access to PPO contracted rates on procedures, including routine oral exams, cleanings, and major work such as dentures, root canals, and crowns through one of the largest dental networks in the USA, with a focus on neighborhood dentists.

The percentage shown above is the percentage of coverage of the Maximum Allowable Charges (MAC) amount that SNI will cover for eligible services provided by a participating or a non-participating dentist. Participating dentists typically accept the MAC amount as the Allowed Amount to be paid for services provided. Non-participating dentists may not accept the MAC Amount as the Allowed Amount for services provided, billing you the difference between their charges and the MAC Allowed Amount covered by SNI.

Dependent children are eligible through the end of the month of their 26th birthday.
